Notes	Note: Pattern is randomized according to natural disposition and placement of products. The varia system panels utilizing natural products as a decorative interlayer may change in appearance over time. Natural materials are also subject to inherent inconsistency in color, texture and shape. | Gauge variation is -1/16", + 1/32". Final product may contain random air bubbles which may not be seen in these images or in samples. Pressed Glass panels utilizing natural products as a decorative interlayer may change in appearance over time. Natural materials are also subject to inherent inconsistency in color, texture, and shape.
Lead Time	4 weeks
